RESEARCH PROPOSAL

(Maximum length 1000 words + References cited + Illustrative material)

Candidates should provide a description of the project, indicating its expected achievements and showing what the candidate and the host institute are expected to gain from the work. The write up *must* include the following headers and *must* answer the questions posed within each header. (The word count for the research proposal *does not* include the references cited or extra illustrative material – e.g. tables and/or figures)

Title:

Objectives: *What are you going to do?*

Background and Rationale: *Why is it important? Why should it be done now and at this particular host institute?*

Relevance: *How does the proposed research activity/work 'fit' with SCAR's goals?*

Methodology: *How are you going to do it?*

Deliverables: *What do you expect to achieve?*

Success Factors: *What will show if the project has succeeded?*

Budget:
  (i) *How much money is required, and how will it be spent? Please outline a budget indicating approximate expenditures on travel, accommodation, subsistence, materials, and other anticipated costs.*
  (ii) *Are you able to obtain additional financial support? If so, how much and from where?*

References cited (Attach as Appendix 1, maximum 1 page)

Illustrative material - tables and figures (Attach as Appendix 2, maximum 1 page)

Please upload your Research Proposal (and any relevant appendices) as a single document, preferably in PDF format, during the online application process at http://www.scar.org/fellowship/application.
